### (C-1) Limited Commercial

#### SECTION 3.15.000 Purpose

The Limited Commercial classification provides for a desirable mixing of residential land uses with limited commercial land uses in close proximity to adjacent residential districts. The zone is also intended to serve local neighborhood needs rather than provide a full commercial area for an entire community. The limited commercial uses allowed in this district are selected for their compatibility with residential uses and ability to meet the frequently recurring needs of the neighborhood. Normally, the district is to be applied as a small compact area conveniently located in or near residential areas and along thoroughfares and may be utilized in areas designated as committed to nonresource use by the Comprehensive Plan.
